PROFESSIONAL SUMMARY

Committed and versatile Higher Technician in Clinical and Biomedical Laboratory (equivalent to MTLA) & Technician in Laboratory Operations (equivalent to CTA | BTA), with solid knowledge in molecular biology, immunology, and analytical techniques. Thanks to my practical experience in Spain and Ireland under GLP standards, I have developed strong skills in research and laboratory diagnostics.

I am currently preparing for an official German language certificate. I am known for my technical precision, strong learning ability, and passion for interdisciplinary science.

EXPERIENCE

FUNDACIÓN PARA LA INVESTIGACIÓN BIOMÉDICA DEL HOSPITAL UNIVERSITARIO DE LA PRINCESA

Madrid, Spain

Clinical Laboratory Technologist – Internship

03/2025 – 06/2025

- Participated in immunological and molecular biology research involving cytokine-stimulated cell culture.
- Purified CD4 and CD14 cells from patient samples with psoriasis, dermatitis, and hidradenitis suppurativa.
- Performed RNA extraction, PCR, ELISA, and Western Blot preparation.
- Analysed mouse lymphoid organs for immune cell extraction.
- Designed and developed a bilingual scientific website to support grant acquisition and increase research visibility.

CELIGNIS BIOMASS ANALYSIS LABORATORY

Limerick, Ireland

Scientific Laboratory Technician – Internship

03/2023 – 06/2023

- Conducted biomass analysis: moisture, ash, volatile matter, elemental composition (CHNOS), COD, ammonia, and NIR.
- Drafted SOPs and performed complex analytical protocols independently.
- Assigned supervisory responsibility for Volatile Matter Analysis, the most technical procedure in the lab, due to demonstrated accuracy and autonomy.
- Collaborated on EU-funded projects (SteamBioAfrica, BIO4Africa) using GLP standards.

FORM-ED

Madrid, Spain

Educational Robotic Instructor

2020 – 2021

- Taught STEM-related subjects to students aged 6 to 12.
- Designed didactic materials and managed class organization.

WASHI

Madrid, Spain

Educational Robotic Instructor

2020 – 2020

- Taught STEM-related subjects to students aged 6 to 12.
- Designed didactic materials and managed class organization.

Madrid, Spain

KARMA SUMINISTROS INTEGRALES

Administrative Assistant

Summers 2015 – 2017

- Supported daily administrative and documentation tasks.

EDUCATION

CEAC FP OFICIAL

Madrid, Spain

Higher Technician in Clinical and Biomedical Laboratory

(Medizinisch-technischer Laboratoriumsassistent – MTLA)

2023 – 2025

Final grade: 9,5/10

Final Project: *Bacteriophage Therapy | Rediscovering an Innovative Approach*

Relevant Coursework:

- Honour Distinctions (2025): Excellence in General Lab Techniques, Hematology and Immunodiagnostics
- Final Thesis graded with 9,8/10: Evaluated as a high-quality, well-written project that stood out on its own for its scientific clarity and structure.

IES VIRGEN DE LA PALOMA

Madrid, Spain

Technician in Laboratory Operations

(Chemisch-technischer Assistent – CTA / BTA)

2021 – 2023

Final grade: 9/10

Relevant Coursework:

- Diploma of Outstanding Achievement (2023): Recognized for academic excellence and professional attitude
- Practical training in biomass and chemical analysis techniques
- Strong foundation in analytical chemistry, microbiology, and industrial quality control
- Erasmus+ Internship at Celignis Biomass Analysis Laboratory (Ireland, 2023)

COURSES AND CERTIFICATIONS

CEAC FP OFICIAL

Madrid, Spain

Specialization in Healthcare Management

2023 – 2025

Certified: 100h

DYNAMIMED S.L.U

Madrid, Spain

Animal Experimentation Course (FELASA A+B+C)

(FELASA A+B+C-Zertifikat für Tierversuche)

2023

Certified: 70h

IES VIRGEN DE LA PALOMA

Madrid, Spain

Basic Certificate in Occupational Risk Prevention

(Grundlagenzertifikat in Arbeitsschutz)

2021 – 2023

Certified: 50h

Instituto Tecnológico Master D y Universal Robots

Madrid, Spain

Automation and Robotics

2018 – 2020

Certified: 875h

SKILLS & INTERESTS

Technical: Microsoft Office, Google Workspace.

Language: Spanish (Native), English (B2), German (A2)

Laboratory: PCR, ELISA, RNA extraction, CD4/CD14 cell isolation, cell culture, Buffy Coat, Western Blot, GLP, SOPs, NIR tools, Biogas 5000, CHNOS analyzer.

Soft Skills: Teamwork, Adaptability, Initiative, Communication, Problem-solving

Interests: Scientific outreach and experimentation, international collaboration and multicultural environment.

GPA

Higher Technician in Clinical and Biomedical Laboratory (*Medizinisch-technischer Laboratoriumsassistent – MTLA*): GPA: 9.5/10 $\approx$ 1.3 DE $\approx$ 4.0 US (Graduated with distinction)

Technician in Laboratory Operations (*Chemisch-technischer Assistent – CTA | Biologisch-technischer Assistent – BTA*): GPA: 9.0/10 $\approx$ 1.6 DE $\approx$ 3.8 US
(Outstanding)
